Free electives and specified group electives are often chosen to complement the student's "Directional Studies" program. Directional Studies programs are elected career development scheduling schemes which individually prepare students for careers in the animal industry. They are explained fully in AnS 110 and through appointments with the student's academic advisor in Dairy Science. Copies of individual programs are available in 123 Kildee. The Directional Studies programs are:

Advanced Degree in Dairy Science

Business and Finance

Agricultural Promotion and Information

Dairy Food Industry

Agricultural Sales and Marketing

International Agriculture

Animal Production and General Agribusiness

Pre-Veterinary Medicine
