3		(Section 10, Position Responsibility Statement) Review of faculty performance shall be conducted annually by the Department Chair for all regular, joint (50% or more appointment in the Department of Animal Science), adjunct, lecturer/clinician, and P&S employees with faculty responsibilities and titles. (Brings An. Sci. Gov. Doc. In agreement with FH)	9/2013
3		The review should address scholarship and accomplishments in teaching, research, extension, and institutional service in relation to the PRS for the faculty member under review. Each faculty member's overall performance shall be evaluated as either satisfactory or unsatisfactory as outlined by the faculty handbook (FH section 4.1.1) The annual faculty evaluation process is the responsibility of the department chair. (Blue portion was added to bring An. Sci. Gov. Doc. In agreement with FH)	9/2013
3		The chair uses the Faculty Conference Form (Form available on the departmental web site at) \\Ans-server4\ans_shares\Admin\Departmental_Docs (Location of the form used was included to bring An. Sci. Gov. Doc. In agreement with FH)	9/2013
3		Except under extenuating circumstances, failure by a faculty member to comply with the annual evaluation process will result in an unsatisfactory annual evaluation. For tenured faculty two consecutive unsatisfactory annual performance evaluations trigger a Post Tenure Review (FH Section 5.3.5), and for all faculty may also result in a charge of unacceptable performance as defined in the Faculty Conduct Policy (FH7.2.2.5.1) The annual evaluation between the chair and the faculty member provides an opportunity for an exchange of ideas of benefit to the individual and the department. The annual evaluation meeting includes a review of the faculty member's position responsibility statement and any action plans from the previous post-tenure review or annual performance evaluation. The annual evaluation process is finalized in a written document that is prepared by the department chair and signed by both chair and faculty member. The report should include an evaluation of each area of the position responsibility statement as well as an overall summary assessment. It is the responsibility of the department chair to ensure that the evaluation is finalized in a timely manner and by the university deadline. The faculty member signs the evaluation as an acknowledgment of receipt, not as an endorsement of the evaluation. A faculty member who disagrees with the evaluation may submit a written statement of concerns that will be appended to the evaluation. The faculty member may also appeal the evaluation through the established grievance procedures as outline in the faculty handbook (FH sec. 9.1).In the case of an unsatisfactory annual evaluation, the department chair, with the input of the faculty member, will develop an action plan to guide improved performance in accordance with the faculty member's position responsibility statement. The action plan must include the following elements: 1) a list of action items to be accomplished that are detailed, clear, and aligned with a timeline; 2) a specified date for a mid-term evaluation; and 3) a description of consequences if the action items are not completed by the designated timeline. If agreement on the proposed action plan cannot be reached, the action plan will be negotiated following the procedures outlined for PRS mediation (FH Section 5.1.1.5.1). (Blue portion covering the annual evaluation was added to the PRS section bring An. Sci. Gov. Doc. In agreement with FH)	9/2013
