

SPRING TIME MEANS FOALS AND TRANSFERS

Breeding Intern

BY: SWAY BUCHMEIER

Purcell, Ok
January - June 2024

TOP 3 TASKS

- Assisting Vets in daily palpations
- Foal Watch/
Foaling
- Assisting Vets in embryo flushing/transfers

TOP 3 SKILLS

- Multitasking
- Working with Others
- Quick Thinking

EXPERIENCES

- Learning how to properly clean and care for horse wounds, for example cleaning a trachea.
- Pulling out foals and how to properly do after care, such as navel dips and getting colostrum.

ADVICE

Internships are a great way to figure out what you want to do after college, don't be after to get outside your comfort zone.

IMPACT

This Internship has helped grow me both personally and professionally. I was able to grow my passion for large animals and at the same time being able to get hands-on experience
