- Ear-tagging gilts
- Identifying if a gilt is lame
- Loading gilts in and out

## Top 2 New Experiences:

- Participating in the charity, Haul Out Hunger
- Learning how to ultrasound gilts

**Internship Advice:** I think internships are very important because they teach you so much in a short period of time, and they show you what you do or don't want to do in the future.

**Testimonial:** This internship has impacted me so much by giving me all of this knowledge I didn't have before. I know pigs like I never thought I would, and this will help me in my large animal veterinary practice in the future.
