

CARING FOR THE BOYS

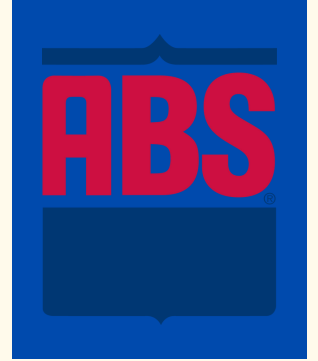

NESSE TUTTLE

Barn Production Intern

Calf Care and Arrival

ABS Global
Poynette, WI
May - August 2024

Top Responsibilities:

1. Practiced animal husbandry by doing daily chores for both calves and young bulls
2. Helped vets with moving bulls through chutes, putting ear tags, and keeping track of paperwork
3. Operate heavy-machinery to maintain clean bedding and yardwork

new SKILLS

1. Cattle Handling
 - a. Worked and handled cattle everyday
2. Detail Orientation
 - a. For biosecurity, I had to deep clean chute rooms after every use
3. Discipline
 - a. I had to learn how to own up to my mistakes and ask questions to prevent any mistakes

new EXPERIENCES

1. Operating skid loaders
 - a. I learned how to operate skid steers, use them to scrape alleyways, operate hydraulic buckets, and turn 180 degrees when in tight spaces
2. Caring for bulls
 - a. I not only handled and fed bulls, but I also reported changes in them and gave medicine to those who needed it; I also did basic housekeeping like cleaning their pens and feed area

my ADVICE

Opportunities appear when you least expect them. Be brave, take it, and do your best because it all works out

my TESTIMONY

This summer with ABS Global not only changed what I want to do in the future, but also introduced me to new opportunities in the animal industry. I enjoyed every moment and was able to grow both in my personal and my professional lives.
